

I liked sports day because
I had lots of fun
and games

Sports day was the best day.
My favourite race was the three-legged
race.

Darragh

I liked watching the other classes
running in their races.

I liked the tug-of-war.

I liked taking part in the races.

I liked running, putting on a jersey
and running back to the start.

What I liked about sports
I liked that we stayed outside
all day. It was playing with
my friends. I think it was really fun
and one of the best things was
no homework. If you didn't like
sports day you would be brought
to "Nuckles with the capital N."

I liked the ^{Matthew} jersey race at sports day because I won it,
I also liked the wheel borrow race because it was chaotic.
